

Great Southern Highway Road Reconstruction & Re-Shouldering Works

Project Description

Leeuwin Civil was engaged to carry out Main Roads WA maintenance works under the ISA arrangement for the Wheatbelt region for the Leighton Optus Alliance. This included extensive shoulder works and road construction on the Great Southern Highway; and v-drain works in various locations across the region.

This opportunity provided our operators exposure to the standards of workmanship required for Main Roads WA maintenance contracts working under the prime contractor's accredited management systems.

Scope of Works

- shoulder works;
- re-sheeting; and
- v drain works.
