

ENVIRONMENTAL POLICY

In all our business activities, Leeuwin Civil is committed to having zero reportable environmental breaches, protecting the environment and preventing pollution. Our environmental objectives are to:

- Implement processes on site to minimise waste and protect the environment
- Actively promote recycling on our work sites and within our administrative processes
- Achieve full compliance with applicable statutory requirements, codes, standards and guidelines

We are committed to:

- Ensuring good environmental management principles are included in all organizational planning activities;
- Identifying, assessing managing environmental aspects and impacts relevant to our business;
- Encouraging the environmental awareness of all employees and contractors;
- Setting and achieving measurable objectives and targets in prevention of pollution and in minimizing our use of natural resources;
- Respecting cultural heritage and caring for the environment;
- Providing sufficient resources to ensure environmental management is a central part of the organization;
- Conducting audits of key processes within the business as part of our Continual Improvement Process;
- Ensuring our Environmental Management System is conformant and certified to ISO 14001:2015 and to
- Reviewing this policy annually

Mark Wypynaszko
Managing Director

A handwritten signature in blue ink, appearing to read 'Mark Wypynaszko', is positioned below the name and title.
